AMENDMENTS

Please amend the above-identified application as follows:

In the Claims

In accordance with 37 C.F.R. § 1.121, please substitute the following clean copy text for the pending claims of the same number:

1	1. (Once Amended) An organic light emitting device, comprising:
	an electrode;
3	a current self-limiting structure; and
R , 4	an organic stack located between said electrode and said current self-
3 Y 5	limiting structure, where said current self-limiting structure is applied in a
(1) 6	thickness sufficient to prevent excessive current in the vicinity of a short in said
7	organic light emitting device
- (2 1	(Once Amended) A method for increasing the reliability of an
XO 2	organic light emitting device, comprising the steps of:
. 08 -	
2× 3	forming an organic light emitting device; and
3 ₃	forming an organic light emitting device; and incorporating a current self-limiting structure within said organic light
4 کور	incorporating a current self-limiting structure within said organic light
